

# Thinking about becoming a notary... or already one and trying to stay organized?

---

Compliant digital tools to help independent notaries thrive

# What is a Notary Business?

It's simpler than you might think

## STEP 1

### Meet with Clients

Schedule appointments and meet with clients who need documents notarized.

## STEP 2

### Verify Identity

Confirm signer identity using valid identification documents.

## STEP 3

### Notarize Documents

Apply your official seal and signature to authenticate documents.

## STEP 4

### Keep Records and Get Paid

Maintain a compliant journal and collect your payment.

# RON

## Remote Online Notarization

---

In some states, you can notarize documents online through a secure video session - no in-person meeting required. Clients connect from anywhere, and you perform the notarization remotely.

 **State-regulated and secure**

# The Problem

Managing it all can get messy...

## Scattered Scheduling

Appointments across calendars and apps

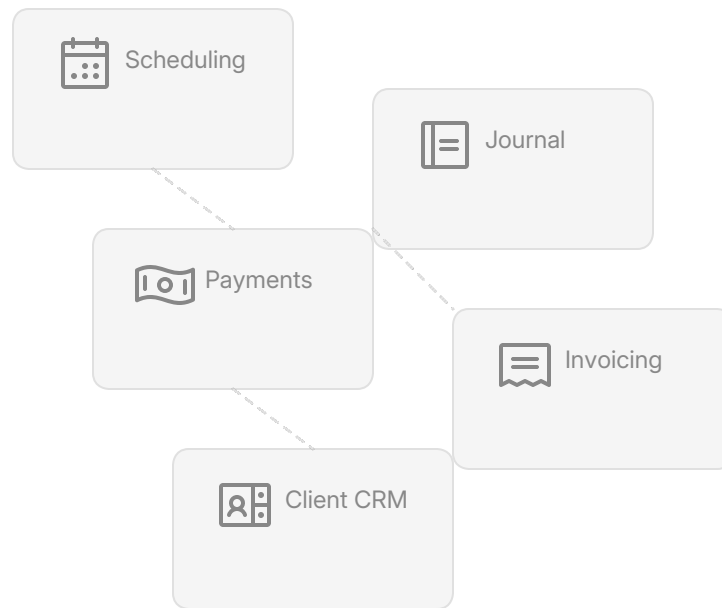

## Manual Journal Tracking

Paper logs or disconnected spreadsheets

## Payment Chaos

Chasing invoices and tracking income manually

# NotaryCentral brings it all into one place.

- Handle notarizations - including RON
- Keep a clean, organized journal
- Manage appointments and invoices
- Accept payments without switching apps

# Everything You Need in One Platform

## E-Journal Management

Digital journal entries that meet state compliance requirements. Never lose a record again.

## Smart Scheduling

Online booking forms let clients self-schedule. Automatic reminders reduce no-shows.

## Invoicing and Payments

Send professional invoices and accept payments online. Track everything in one place.

## Client CRM

Keep client contact info, history, and preferences organized. Build lasting relationships.

## Mileage Tracking

Log travel for mobile signings. Generate reports for tax deductions automatically.

## Mobile Access

Work from anywhere with full mobile access. Perfect for notaries on the go.

# Built for Flexibility

Start with just what you need, or run your entire business

## Start Simple

Use just the journal or scheduling features. Add more tools as your business grows.

✔ No commitment

or

## Full Platform

Run your entire notary business in one unified workflow. Everything connected.
